CONTROVERSIES AT FULTON??

A controversy is defined as a difference marked especially by the expression of opposing views. This was definitely present at Fulton throughout the 1983-84 school year. The main controversies of the year included the teachers' contract, the run-down ditto machines and the heat. The dispute over a teachers' contract was never solved and the teachers worked the entire year without a contract. Mediation failed and fact-finding was in progress when the year ended in June. Teachers refused to perform non-contractual tasks to show their dissatisfaction. This included no chaperones at school dances, and no attendance at the Senior Banquet and Academic Awards assembly.

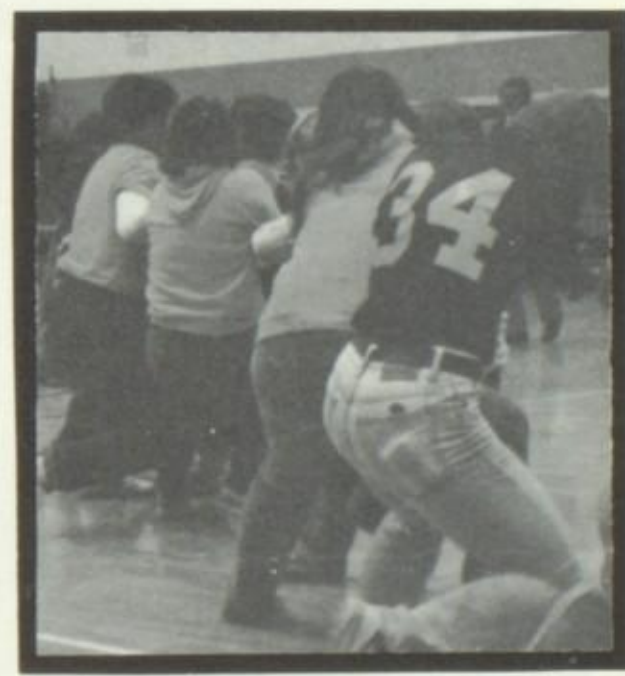

The quality of copies continued to decline as the school's already ancient ditto machines became more run-down. Finally, in May a proposal to purchase a new Savin copier for both the High school and Middle school was approved by the Board of Education. During the year, students enjoyed the clear, readable copies produced by the machines in the building as they were being tested by the school. From October through the early winter months most students could be found shivering in their jackets. The old High School boiler just wasn't putting out the heat. Finally, a flash fire shut the school down for a day. After repairs were made on the boiler, the building finally became comfortable.

When the dust had cleared after a week of grueling battle among the classes, the senior class had come out on top with a score of 137 points. The juniors placed 2nd with 119 points. The sophomores ended up with 92 points taking 3rd. The freshmen placed 4th with 69 points, and the eighth grade finished in 5th place with 48 points. The competition included events like tug of war, pyramid building, hall decorating and a spirit contest.

"With a final season record of 5-17 the 1983 basketball season was certainly not what we had hoped for. The girls worked long and sometimes hard and there were some good times to go along with the disappointments.

The season ended with the team playing its best basketball of the year. The season final also proved to be the district final and the LADY PIRATES lost a one-point decision.

The efforts and attitudes of the girls during the tournaments were just super and it should bode well for the future." commented Coach Merritt.

"Our JV girls basketball team ended the season with a victorious record of 16 wins and 3 losses.

The success of the season came from the combined efforts of many people! Mr. Parker began working the girls in preseason practice and engraining in them team unity, hard work, and the basic plays that would be used all season. Mr. Merritt put a lot of extra time and effort into the practices and games. He did an excellent job keeping the girls going. Last of all— and most important— all the JV girls worked together so hard, encouraged each other, and made the season a success and a lot of fun.

It was a learning experience and an enjoyable season for me regardless of "all" our little problems! Thanks, girls, for your hard work and for the good season!"

FOOTBALL

SPRINKLED WITH VICTORIES AND DROWNED IN ENTHUSIASM

Co-captain Doug Waldron

The 1983 varsity football season will long be remembered as it became a test not only for the team but for the whole school. If our victories could have been measured by our school spirit, we would have had an undefeated season.

One wonders what makes a team win so many games. Fulton has proved that the players on the team and good coaching behind them is the perfect answer. This year we added new varsity football coaches - Coach Rosencrants and Coach Henry. Coach Rosencrants was named Coach

of the year for this 1983 football season. Also honored were Senior players Corvin Stoudt as All League Defense and Offense, Most Valuable Player, Detroit News Honorable Mention, All State AP Special Mention, All State UPI 1st team, All State Defense; Doug Waldron with Coach's Award, All League Defense and Honorable Mention Defense; Steve Moon was All League Defense, Honorable Mention Offense; Mike Cecchini with All League Defense; John Fabus has Honorable Mention Offense. Junior players included Lee Williams as Most Improved Player; Jeff Custer as Most Valuable Player-Scout Team; Matt Winsor was Mr. Versatile and Kevin Sherrick received Honorable Mention Offense.

Congratulations to the varsity football team on their terrific performance!

Thinking hard, Greg?

Keep your eye on the ball!

Coach Wright stated, "We had 15 boys all together and hope next year we have more boys playing. Also, we are hoping to have a summer league this year at Overbrook Golf Course."

"The boys had a pretty good season with 5 wins and 3 losses," commented Coach Wright. They placed second in the league meet and were fourth out of sixteen teams in regionals. They missed the state meet by only 3 strokes.

Scott Baker and Craig Hamp were named All-Conference and lead the boys throughout the season.

On behalf of the golf team, Coach Wright would like to thank Morie Riker and Denny Svok for their help. Also thanks to Jim Cook for the use of the course and to Mr. Schneider for the use of his van.

It was an exciting year at the varsity level. The girls had a very capable team as far as ability went, but lost some important matches due to lack of confident maturity. Fulton's volleyball program has improved and the following girls have led the way to this accomplishment. Tammy Trefil, Most Valuable Player, was the spark of the team with her mobility in court covering. She also led as captain of the squad. Lisa Lewis was given the Most Improved Player award, and Nikie Redman received the Coach's Award. A strong team unity and desire to improve on techniques were positives describing this squad.

J V VOLLEY BALL

It was a real learning year for our junior varsity team. Most of the team worked on learning passing, bumping, hitting, serving and setting for the first time. Our sophomores led the team in spiking and serving but the freshmen were achieving personal goals of development. There were some drastic improvements in most of the girls. Missy Redman was captain of the team and led the girls on the court and in practice times. The team's goals were to improve fundamental techniques of volleyball and team unity.

VARSITY BASKETBALL

The Pirates posted a 9-12 record this year. Led by Co-Captains, Corvin Stoudt and Greg Caris, the team showed improvement over the previous three years.

It was a season of highs and lows. The low points were losing a heartbreaker to P-W and a loss to Ithaca in the district tournament. High points were overwhelming victories over Carson City and Ithaca. The Pirates were led in scoring by Corvin Stoudt with a 15 point average. He was followed by Doug Waldron who averaged 10 points. Leading rebounders for Fulton were Corvin Stoudt, Rick Koone, Greg Caris, and Steve Moon. The team MVP was awarded to Corvin Stoudt. The Most Improved Player award went to Mike Brunner. The Coaches award was given to Rick Koone and the Captains award went to Jerry Skaryd. Corvin Stoudt was named all-area, Gratiot County Herald, and First Team All Conference, CMAC. Jerry Skaryd received honorable mention, CMAC. Doug Waldron received special mention all-area, Gratiot County Herald.

MARY GRAY

Media Center, Pleasure Reading
World History and American History

The variety of students that make life interesting and the feeling that you are making a real contribution to society are things that Mrs. Gray likes about her job. Some disadvantages, as she sees them, are teaching students who don't appreciate or realize the efforts made for them and the long hours of work in the evenings, on weekends, and taking classes.

CHERYL PELL

General English 9 and 10, Journalism,
and English 10

The things Mrs. Pell enjoys about these classes are the subject matter, the give and take of classroom discussions, and keeping up on the latest findings in her field. Her pet peeve about teaching is students who have made up their minds before they get to high school that education isn't very important and therefore are constantly bored with most things offered to them.

KYLE DZAPO

8th Grade and Senior Band

Miss Dzapó finds her rewards in teaching are seeing students progress, conducting student performances, and going to Pizza Sam's after the football games.

JONI ROSENCRANTS

8th Grade English, Math, Reading,
and Social Studies, 7th Grade
Special Education

Mrs. Rosencrants really likes the feeling that comes from helping a student be successful, but does not like it when people have disrespectful attitudes.

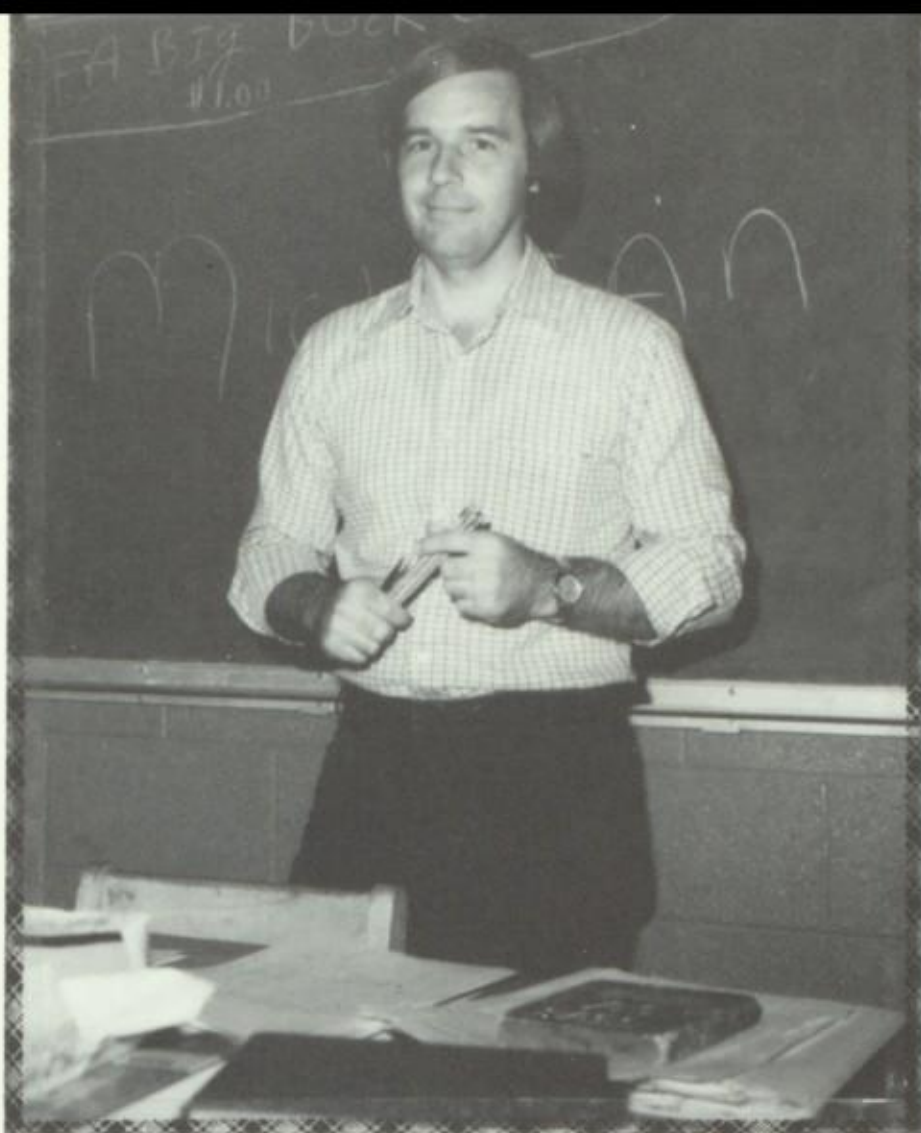

LILLIAN MCKINNEY

8th Grade Social Studies, Home

"As I look forward to retirement this year I find there is little to say about the teaching profession in 1984 except to commend students. They are the same friendly, enjoyable people they have always been."

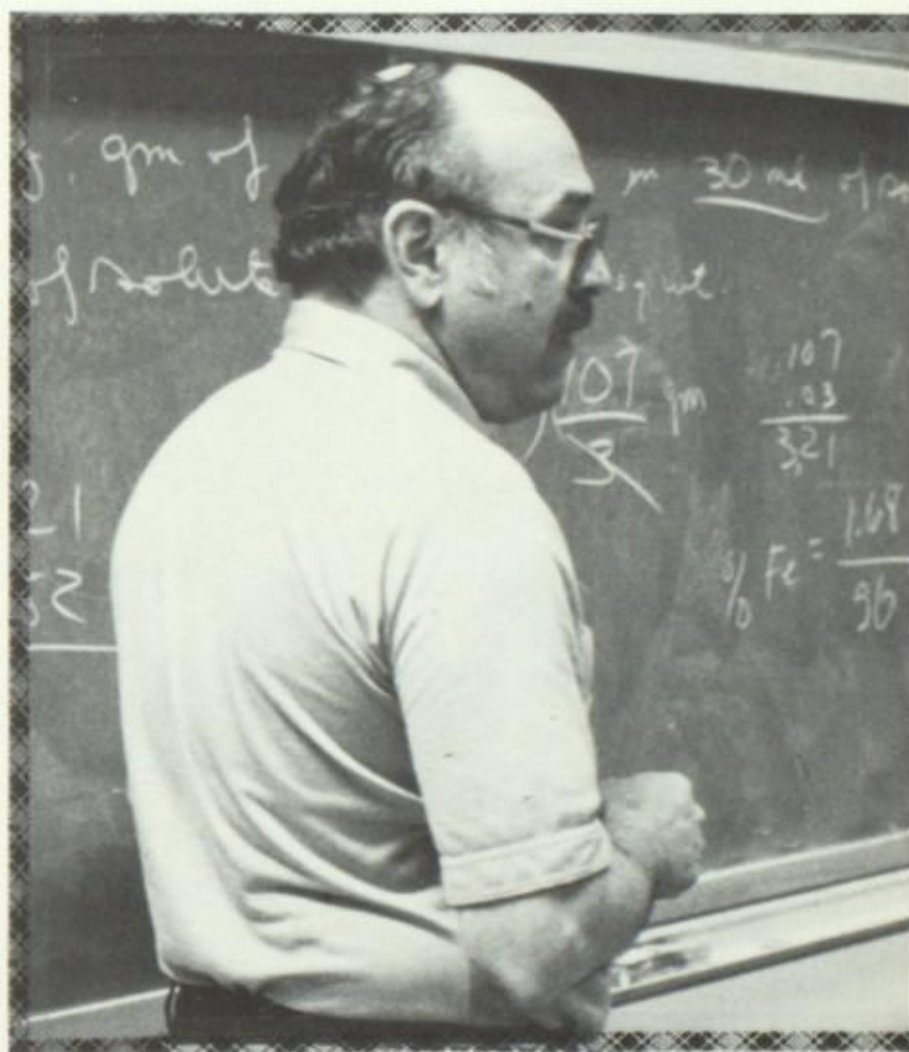

JACK MENTUS

Animal Science, Farm Mechanics,
General Science, Plant Science,

"I view the teaching profession as a means of communicating with the rest of the human race. It is a two way street of sharing information with students and myself. Each day is totally different from the previous-never boring. It can be very rewarding and also very frustrating. I enjoy working with the young group, but dislike the hours spent some nights preparing for the next day."

DAN WRIGHT

Mr. Wright responded saying he enjoyed his students and the subjects he teaches. Although he seemed to dislike the fact of all the paperwork, he still enjoys his work.

DEL THOMPSON

Drafting, Woodworking, and Electricity

When Mr. Thompson replied to our questions about his dislikes, he commented by saying he disliked the fact of having to do absent counts and having to take time to discipline students. Even though he dislikes those facts about teaching, he enjoyed working with students on an individual basis, watching and helping each one develop into a responsible adult.

DREW SAYERS

English 11 and 12 and Reading Lab

When inquired about his likes and dislikes of teaching, Mr. Sayers responded that he enjoyed helping young people and loathed doing schoolwork on nights and weekends on time that could have spent with his family and friends.

characters

JEAN DICE

English 9, General English 11, and
Practical English 12

When asked what she liked and disliked about teaching, Mrs. Dice replied, "I like the variety and unexpectedness of each hour in the classroom and dislike the immense amount of paperwork involved in teaching."

CONNIE ANDERSEN

Typing and Business Law

Students who do just enough to get by is what Mrs. Andersen dislikes about teaching, whereas she likes those who try and take pride in the work they do.

PAT FRICKE

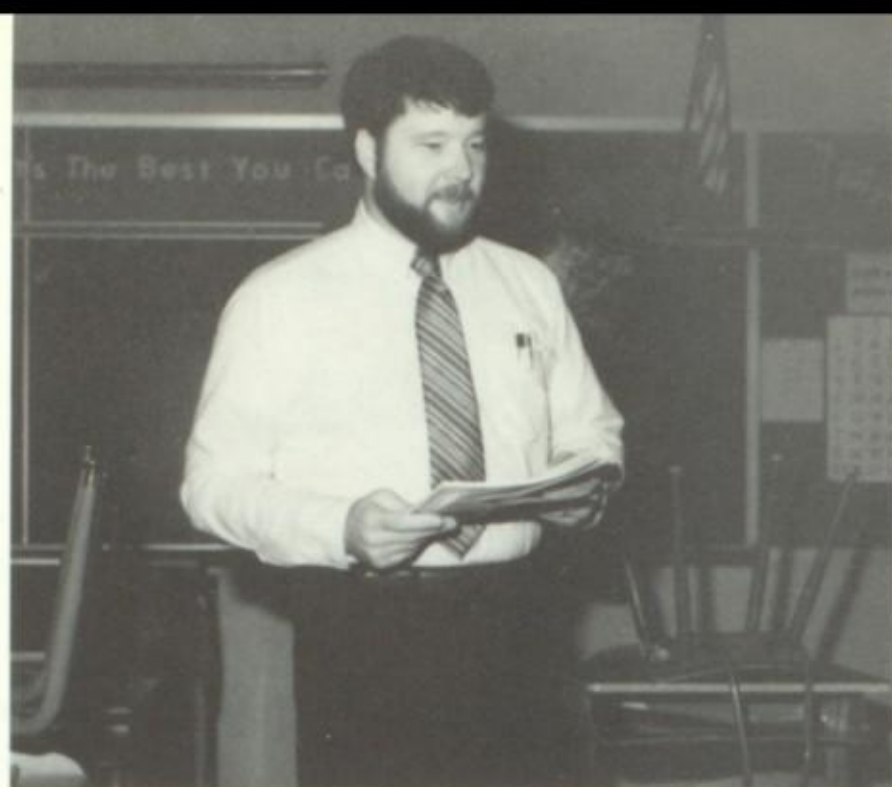

8th Grade English, Reading, Science,
and Physical Education

Mrs. Fricke delighted in knowing that a student had done his best and learned because of it. She was displeased in the lack of pride that some of the students took in their work.

WARREN KENT
Special Education

Mr. Kent enjoys working with students that are interested in learning. He also likes seeing students learn things that will enable them to survive in the world of work. Students that are disruptive to others and the learning process are his dislikes.

THOMAS BURR

Cabinet Making, Drafting,
Metals, Vocational Machine Shop

When asked about his likes and dislikes in teaching, Mr. Burr commented that he likes the creativeness of numerous students who are challenged by situations, and use their capabilities to accomplish the "task" in a responsible, personable and mature manner. His dislike is students who waste valuable time when they have assignments which are not complete or project work unfinished.

RICHARD KNAPP

Computers, Guidance Counselor

"I like counseling students on careers and colleges," was Mr. Knapp's answer when asked about likes and dislikes. He also likes to do the follow-ups on graduates. What he doesn't like is keeping track of student's records.

RON MERRITT

History, Biology, Economics, and
Government

Mr. Merritt likes working with students because there are "never two days the same". He gets irritated by all the paperwork and people who cheat.

RICK ROTH

8th grade Math, Reading, Science,
and Physical Education

Mr. Roth enjoys the constant challenge of the students, but dislikes the opinion of the community that teachers "aren't worth a hill of beans!"

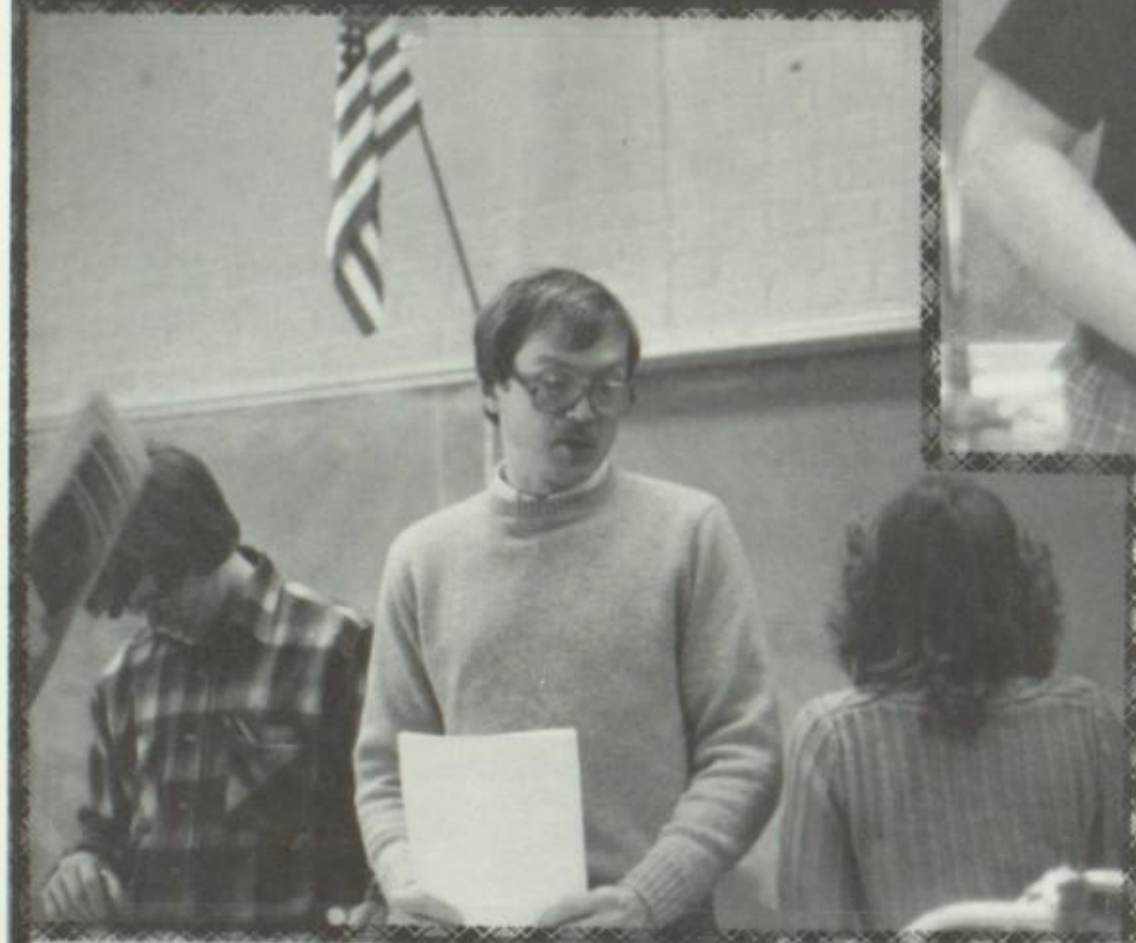

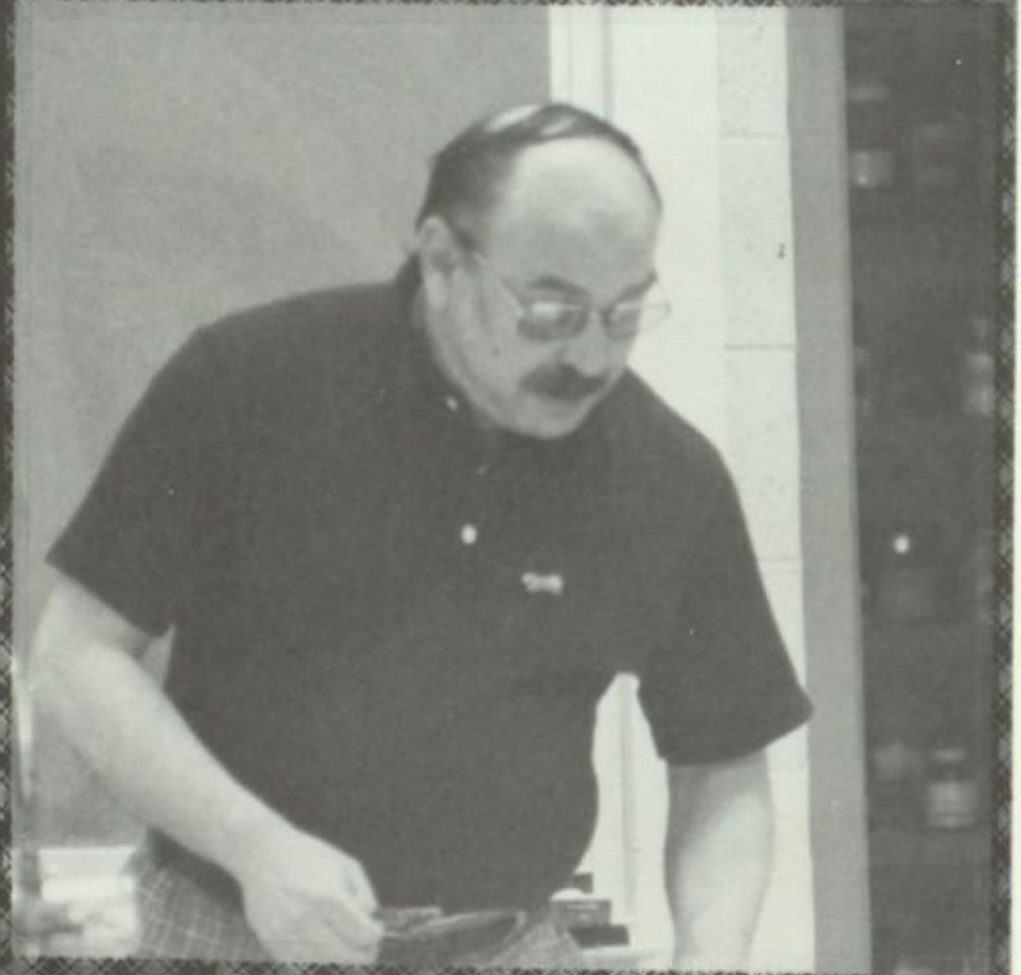

ROD MILLER

Physical Education, Practical Math, Algebra,
and Elective Physical Education

Mr. Miller answered the question of likes and dislikes in teaching by saying he likes the association with young people, the humor found in some young people, students that do more than what is expected of them, and when students come back after graduation and say "thank you". He dislikes filling out forms that people never read, the bad publicity that all the teachers are getting lately, and when former educators, who haven't been teaching in years, tell teachers how to do their job.

SENIOR TRIP

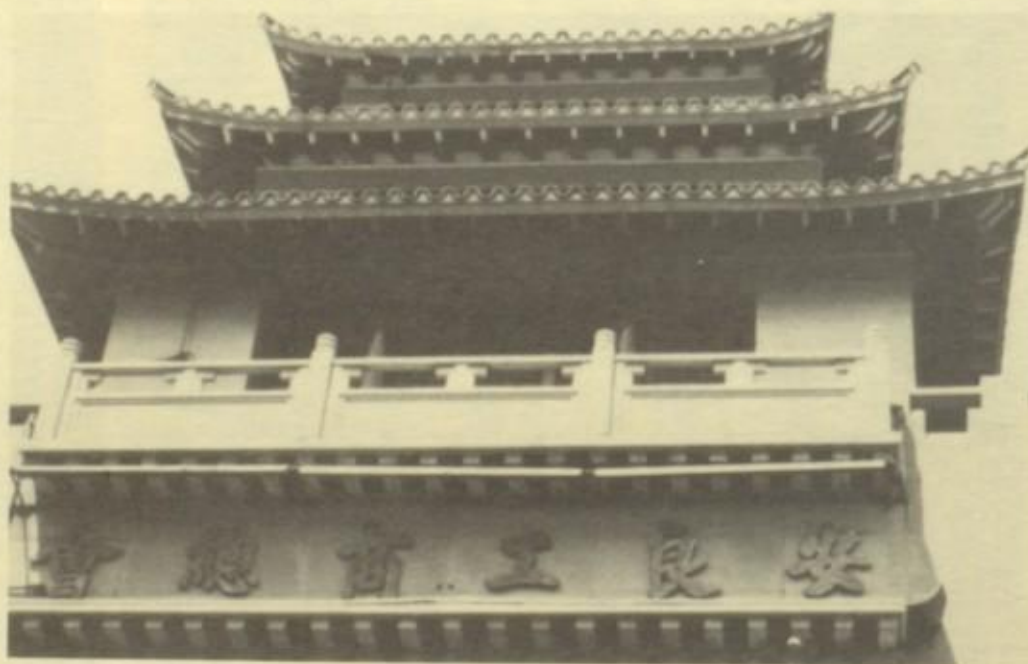

The 1984 Seniors didn't fail to leave their mark in New York City.

The 1984 Senior class of Fulton High School spent three days and nights in the glamorous city of New York for their Senior Trip. New York will never be the same.

Chinatown was an experience that will never be forgotten.

The Empire State Building was one of the main attractions.

NEW YORK NEW YORK!!!

FOREIGN EXCHANGE*FOREI

This year Fulton had the privilege of opening its doors and making welcome six foreign exchange students. This was definitely a record for Fulton High! Along with the addition of these foreign friends to our student body, Fulton established its first Foreign Exchange Club. The club met once a month and provided students and the community with a chance to learn of other cultures and nations. Our school benefited greatly from these special people. Through their eyes we obtained a different view of the world around us.

The Swedish student found among our student body was Erika Josefsson. Her American family was the Wilbur Sewell family. During her stay in America, she spent her time participating in basketball, track, and visiting places with her foreign exchange group. Erika especially liked the people because it had been easy for her to make friends.

The exchange student who represented Finland was Minna Raskinen. She stayed with the Donald Munger family. During her stay in our country, Minna was a participant in basketball, volleyball, and track. Her involvement in sports and classes had been a lot of fun for her. But Minna expressed that her greatest enjoyment had been found in meeting the friendly American people. Her drawback, though, about living in America had been the ever-tempting "junk" food.

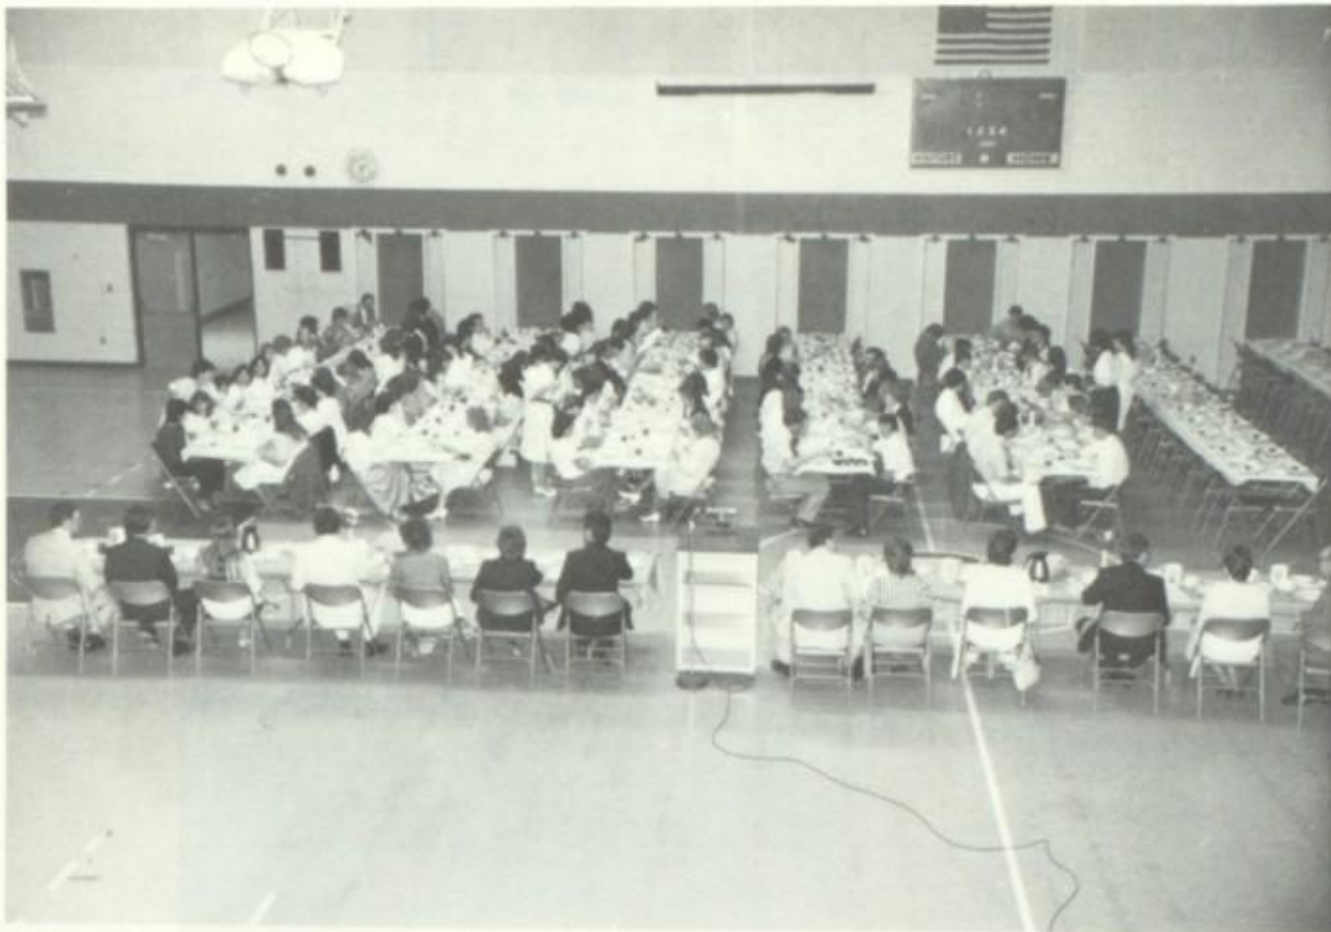

Our Norwegian student was Kjersti Mjor, who stayed with the William Goldman family. Throughout the year she participated in journalism and was a member of the annual staff. Kjersti commented that she enjoyed having the opportunity to see New York, Florida, and Washington. What she really liked most, though, was the friendly, outgoing people and her American family, whom she was most dedicated to.

Quiz Bowl members are clockwise: Joe Mion, Tammy Brown, Matt Winsor, Joel Parker, and Warren Kent.

This year's Quiz Bowl team started with much enthusiasm. In their first match they were victorious against Mesick. After winning their first match they faced Roscommon with a mountain of confidence. With that confidence they again came home with a win. The competition stiffened as they went up against their next opponent Vandercook Lake. Their winning streak finally ended as they were outscored by this team. The team should be commended on their great achievement. This year's team went further than any other team from Fulton.

Cooks J. Schaub, A. Diehl and L. Warren keep our plates full.

Bus drivers are the first school staff members we see each morning and the last each afternoon. Kneeling - S. Baxter. 2nd row - C. Lounds, J. Huss. 3rd row - L. Price, F. Lane, P. Claeys, J. Weller (Supervisor), D. Clapp, C. Berry, D. Terry, C. Cooper. Back - C. Winsor, J. Bolyard. Not pictured - B. McVannel, R. Miller, V. Winsor, E. Whitford, D. Biddinger and K. Smith.

Pat Thrush keeps everything going, both inside and out!!

Keith Martin works late to give us a fresh start.

Chuck Berry joined the staff during the year and provides a friendly face at lunchtime. 127

ANNUAL STAFF

Members of the Annual Staff are from left to right: Business Managers Pennie Mills and Kathleen Warnke, Sidney Penner, Kelly VanHorn, Cindy Czerkies, Kay Most, Photography Managers Tammy Bates and Char Wright, Adviser Mrs. Gray, Junior Editor Jenny Robinson, Amy Cumberworth, Rhonda Reed, Darcia Schneider, Regina Seifert and Kjersti Mjor. Middle from left to right are Sherri Johnson, Amy Collison, C. Fisher and L. Skaryd.

As co-editors of the yearbook for the second year we have enjoyed working this year even more. This is due to the fact that we were more experienced as editors.

We and the staff have tried to produce a yearbook that everyone could treasure forever. We hope that we will bring back many fond memories of the 1983-84 school year.

To the best of our ability we have put together this yearbook. Like always we wanted to do more but many things have prevented us from doing this.

We are proud of the work we have helped to create and will look back on it with many memories.

Best of luck to the future Annual Staff. We hope your book means as much to you as ours means to us.

*Love,
Vonda & Kim*

The 1984 Talespin was printed by Inter-Collegiate Press on Kingston I paper with eight pages of full color. The cover was designed by Rhonda Reed and silk-screened in Medium Blue on Sunyellow. One signature of ivory parchment is included. Paste-up by the 1984 Fulton High School Annual Staff was completed on June 8, 1984.
